

WARD 3 SHORT TERM FAMILY HOUSING (STFH)
PHASE II STFH FACILITY CONSTRUCTION UPDATE
November 30, 2018

50 Short-Term Family Housing Units

Dedicated Play & Common Areas

Supportive Programs

Community-Integrated Architectural Design

Project Status:

- The cast auger pile foundation system installation is in progress
- The drilling process for the cast auger piles is scheduled to last for the next three (3) weeks
- The DOEE approved Tree protection measures have been installed

Community Advisory:

- 3D monitoring of adjacent properties will continue for the duration of the drilling activities
- Reinforcing steel bar (Re-bar) for the cast auger piles deliveries will continue for the duration of the drilling activities, traffic patterns will not change
- Concrete trucks delivering grout to the site shall continue for the duration of the drilling activities, Smoot Construction will ensure flag men are on site assisting with traffic control and safety
